TO CAPITALISTS

Parties of Small Means Desirous of Engaging in Grape Growing, Coal Mining or Market Gardening.

An account of advanced age I am desirous of finding my residence, and the place where my farm stands, in the city of Bridgeport and Martin's Ferry, on the river bank, midway between Bridgeport and Martin's Ferry, and immediately adjoining the village of Bridgeport. The farm consists of acres of hill, and table land, and 12 or 14 river bottom. In the hill there are two series of soil, 1% and 3%, feet thick; these deposits of limestone are 100 feet deep, and the topsoil is 15 feet deep, which altogether make a soil and an underlying bed of deposits of rich and valuable character.

On the surface, the larger portion of which lies gently sloping to the east, and all under direct exposure to the sun, is a vineyard of 30 acres mostly Cutwater grapes, which has proven itself able to pay a handsome per cent to the cultivator.

The property is being approached and less by a narrow path, leading through a weeping willow, and is now ready the only unoccupied territory between Bridgeport and Martin's Ferry. It is valuable as an investment, and would make a good home for a family, and is suitable to those who desire a market garden close to the city. It fronts beautifully upon the river and commands a view of the city, the island and the whole scenery of the valley.

The terms of sale will be one-third cash, balance in two annual payments, 8 per cent interest on deferred payments.
